

Proper Care Recommendations for Crystal View™ Acrylic Block Windows

For General Cleaning

- **Use Novus Polish Compound** (Available from Builders Accessories)
- **Use a mild dish soap and water mixture** (i.e. Joy Dish Soap)

For Polishing

- **Use Novus Polish Compound** (Available from Builders Accessories)
- **Use Nu Finish Polish** (Available at most Automobile Service Stores)

For Scratch Removal

- **Use Novus Polish Compound** *(Available from Builders Accessories)
* Novus Polish Compound is available with Builders Accessories Scratch Removal Kits.
- **Use Cerium Oxide compound and Buffing Wheel** (Available at most Glass Accessory Stores)
- **Refer to Scratch Removal Instructions for more information.**

For Removal of Stains

(Paint, Adhesives, Grease etc.)

- **Use 3M General Purpose Adhesive Cleaner Part # 08984**
(Make sure to wash with mild dish soap immediately after use.)

Although Crystal View™ Acrylic Block Windows are the most chemically resistant acrylic block windows on the market today, proper care is essential for the windows to retain their longevity and beauty.
