FOR IMMEDIATE RELEASE

BUILDERS ACCESSORIES ANNOUNCES ITS NEWEST DECORATIVE WINDOW PRODUCT!

Phoenix, AZ ~ August 27, 2007 ~ Constantly striving to broaden its window horizons, Builders Accessories, Inc. is proud to announce the release of its newest product line, **Elite View Ornate Glass Windows**. Available December 10th, 2007, this new product line offers another wonderful privacy window option from Builders Accessories that includes all of the great features available in a decorative glass window.

The handcrafted ornate decorative glass designs are glazed between two panes of tempered safety glass; creating an energy efficient and sturdy decorative glass product that surpasses other similar products on the market. Each window is also constructed with special interior glass bumpers to ensure the beveled glass and coming do not mar the interior glass surfaces, adding increased integrity and ensuring a high quality product to the end user. Encapsulating the decorative glass panel within this structural glazing system also provides an easy-to-clean surface on the interior and exterior of the unit, assuring the Homeowner years of beauty and value. An added obscurity option offers the security of **extreme privacy** while each window maintains its decorative illumination and energy efficiency.

Elite View Ornate Glass Windows are available in several styles and patterns and come with a choice of heavy duty structural coming in either zinc or patina finishes. White and almond vinyl frame colors are both available along with moderate and extreme privacy options. For more information about Elite View™ ornate window products and other specialty window products available through Builders Accessories, contact Lars Hjalmsquist, National Sales Director, Builders Accessories, Inc., 3621 East Wier Avenue, Phoenix, AZ 85040.
